

April 23, 1999

FDA Commissioner Jane Henney:

1570 99 JUN -9 10:37
This is a note to demand that you act on the Humane Farming Association's petition to put an end to the practice of feeding dead animals to other farm animals. Cows are not meat eaters by nature and they shouldn't be forced to eat dead animals. There is presently a new variant Creutzfeldt-Jakob Disease contracted from cattle infected with BSE. Do you have to have a scandal in the U.S. before the FDA takes the action they are morally expected to take? Also, no other farm animal should be fed meat from other dead, diseased animals.

Thanks for your immediate response to this urgent message.

Irene Slater
